

SOFIA

Spatial Operator-based Figure Integration Assessment

The Spatial Test **SOFIA** contains **20 items** designed to measure spatial reasoning, pattern recognition, and the ability to mentally manipulate geometric transformations.

There is no time limit, but test-takers are encouraged to spend between **1 and 2 hours** completing all items in a calm and focused environment. Accuracy and reasoning clarity are more important than speed.

Submission & Attempts

Where to send: email your answers to eclecticlaudine@yahoo.com

SOFIA

Spatial Operator-based Figure Integration Assessment

 Thank You!

**Thank you for taking part in The Spatial Test SOFIA
(Spatial Operator-based Figure Integration Assessment).**

I hope you found the experience both challenging and enjoyable, and that it offered you a moment of focus, creativity, and curiosity.

Your effort and reasoning matter far more than speed or perfection — every solved pattern is a step toward understanding your unique way of thinking.

 Results will be delivered within 12 hours of submission. If you have questions or feedback, feel free to reach out at  eclecticlaudine@yahoo.com

 *Thank you once again, and may your mind stay sharp and inspired!* — Claudia Myers
